## Systems out of equilibrium

Interplay between statistical, quantum and disordered dynamics

*Thematic program with short courses, seminars and workshops*

**IESC Introductory school in Corsica**  
Clean and disordered systems out of  
equilibrium: interplay between  
classical and quantum dynamics  
September 14<sup>th</sup> to 18<sup>th</sup>, 2020

**Long courses (8h - 10h)**  
by D. Bernard, G. Biroli, F. Essler,  
H. Spohn and M. Srednicki

**Workshop**  
Frontiers in out of equilibrium  
dynamics of many-body systems  
November 2<sup>nd</sup> to 6<sup>th</sup>, 2020

Program coordinated by the Centre Emile Borel (CEB) at IHP  
Participation of postdocs and PhD students is strongly encouraged  
Scientific program on: <https://indico.math.cnrs.fr/category/388/>

Registration is free however mandatory on: [www.ihp.fr](http://www.ihp.fr)  
Deadline for financial support: **March 15th, 2020**

**Dear colleague,**

It is our pleasure to announce the thematic three-month program entitled  
"Systems out of equilibrium: interplay between statistical, quantum and  
disordered dynamics" at the Henri Poincaré Institute (IHP) in Paris

**Registration: free but mandatory**

**Important: the deadline for financial support requests is March 15th,  
2020**

The Henri Poincaré Institute can help you to find an accommodation during  
your stay in Paris.

An introductory school will be organized at IESC (Corsica) at the beginning of  
the program, from September 14th to 18th, 2020: "Clean and disordered

systems out of equilibrium: interplay between classical and quantum dynamics".

***Registration for the introductory school will be open later.***

A conference will be organized at IHP from November 2nd to 6th, 2020:  
"Frontiers in out of equilibrium dynamics of many-body systems"

[Registration for the conference](#)

We are looking forward to welcoming you!

The organizers: Denis Bernard, Leticia F. Cugliandolo and Giuseppe Mussardo

*PS: do not hesitate to spread the word and forward this e-mail to potentially interested colleagues and junior researchers including Ph.D. students and postdocs.*

*We can provide financial support in the limit of available funding.*
